MICR AUTOMATIC WEAPONS REPORT

The following incident(s) are shown as having an automatic weapon involved in the crime. *The FBI UCR Program defines an automatic firearm as any firearm which shoots, or is designed to shoot, more than one shot at a time by a single pull of the trigger without manual reloading.* Please verify that the weapon type has been reported accurately to MICR per the FBI's definition. If you have any questions, please contact your MICR Representative. Thank you.
